- £5 million Public Liability Insurance
- All necessary Risk Assessments
- Unlimited e-mail and telephone support

### Numbers

10-200

### Location

Outdoors or Indoors

### Timings

2-3 hours

Masterpiece is a creative and popular event that is about creating art - on a massive scale! Using paintings or images by well known artists, or corporate images if preferred, the challenge is for teams to work together to produce a giant replica masterpiece of their own. It is an ideal challenge for creating a sense of unity, experiencing shared achievement and bringing people together and the final result is always breath taking.

### What's involved?

Armed with paints, overalls, the canvasses, pencils and other assorted equipment, each team performs various tasks liaising amongst themselves to ensure that the end result lives up to the team's expectations.

The main work of art is produced on a giant canvas that has been divided into several sections. Each team is allocated a number of different sections to complete.

Teams soon realise that the key to success is co-operation, not secrecy and competition, and by sharing and communicating they can make certain that each section fits perfectly with those adjoining it.

The final result is always stunning and it shows immediately just how powerful an effective team can be.

Following the event, the picture can be taken away and, space permitting, hung in the company offices, raffled off amongst the staff, auctioned for charity or photographed with the whole team and then dismantled.

Masterpiece is a superb challenge that creates a real sense of unity amongst those taking part and focuses on making

people work together on a task which, at first, may seem impossible. However, by working together and supporting each other, the team will complete the challenge and realise that the task is achievable. What's more, they will be amazed at what they can achieve as a team!

### What have people said?

'A great activity that involved the whole team'.
