6-600

Location

Outdoors

Timings

1 hour to full day

We've taken Treasure Hunts to a whole new level...

Kaboura Events have taken the popular treasure hunt concept and added cutting edge technology to create our GPS Challenge range of games that can be played in either an urban or rural setting. There are a number of games to choose from to improve teamwork, have fun and which can be tailored to meet your exact objectives.

What's involved?

Technology that will blow your mind! We haven't used technology for technology's sake. The Smartphone and Tablet revolution has allowed us to raise the bar and create a unique event that gives a more interactive team building experience.

Regardless of which game you book, each team will receive a tablet PC pre-loaded with your unique event and packed with a range of features that will engage and motivate your team. Here's what you'll get:

Interactive Maps - The Google Maps interface show where your team is on the map and more crucially, where the other teams are. The GPS technology will track your progress and only allow questions or challenge to be activated when you are in a particular location. No more cheating and plenty of surprises.

Instant Feedback & Live Scoreboard - Earn points for correct answers and receive penalties when wrong. A live scoreboard updates to build competition and excitement throughout the game.

Great questions & challenges - The cornerstone of what we do. We'll

include a huge variety of great clues, questions and trivia that will test the teams, get them working together, and having fun. Photo and video challenges add a creative touch and will be shown during the results session to bring the event to a memorable finale.

What have people said?

"A superb event that truly delivered on the 'teambuilding' aspect, but also brought out the competitive side of the team! Excellent service from the team and I have already recommended you across the business! Thank you!"

GPS Treasure Hunts

Hunt Themes

City Explorer - This is the perfect game for exploring a city and for seeing some of the best sights – this is competitive sightseeing at its best! You'll have to answer questions about some of the things that you'll find and take creative photos along the way for bonus points. All the while, you'll be learning about the history of your chosen city and discovering a few hidden gems.

Huntopoly - Here's your chance to relive the world's best-selling board game with our unique GPS Huntopoly event. In true gaming style, it's down to your team to visit as many of the 'Huntopoly hotspots' (which replicate locations on the Monopoly board) to access unique questions and crack the clues. Along the way they'll be 'chance' opportunities, Community Chests to access, themed Photo Challenges and, of course, the ever present risk of being sent to Jail!

Huntathlon - The Games may have passed but there is still the opportunity to go for gold with our fantastic 'Huntathlon' event. Will your team be on the podium at the end of this exciting themed treasure hunt or will they even make the medal table? Only time will tell...

Pub Explorer - What do you get if you combine a Treasure Hunt, a quiz and a Pub Crawl? The Pub Explorer! You'll see some of the best that your chosen city has to offer, with the luxury of a couple of pub stops to break things up a bit along the way. It's a great way to enjoy a social team event with a purpose.

Apprentice - Complete business-related tasks and challenges, snap some photographic tasks along the way and then negotiate hard to purchase a range of items as cheaply as possible. Have you got what it takes to be the next Apprentice? The city is your boardroom and is where you'll be judged.

Spy Catcher - Welcome to the world of espionage and counter surveillance! Each team will need to complete a number of missions to identify the location of a spy who is causing havoc in the underground world. Missions include deciphering secret codes, undertaking surveillance photography and uncovering secret locations all using your tablet.

100% wet weather guarantee (London only)

Museum Hunt - So, you love our hunts but you are worried about the weather. What if it rains? We totally understand which is why we have come up with our 100% wet weather guarantee – The Museum Hunt! Book one our outdoor hunts and if you don't like the look of the weather forecast, then you can switch to the Museum Hunt up to 24 hours before your event*.

Armed with your tablet, your aim will be to explore The Natural History and Science Museums to crack questions and complete challenges. Along the way you'll see dinosaurs, iconic machines plus much more. Instant results and a live scoreboard give this a cutting edge not seen elsewhere. And with all of these museums located next to each other, this is one high-tech challenge the weather cannot spoil!

* Opening hours restrictions apply (10am – 5pm).
